EDUCATION

Cerritos College, 11110 Alondra Blvd, Norwalk, CA

Expected Graduation Year 2027

Intended Major: Mechanical Engineering

GPA: 4.0

PROJECTS

Drone Prototype

- Engineered a fully functional quadcopter from scratch, including component selection and system integration.
- Developed flight control firmware based on arduino, implementing PID stabilization and real-time sensor processing
- Conducted testing and calibration to tune control algorithms.

SolidWorks Project

- Modelled parametric 3D gear models in SolidWorks, ensuring strength, efficiency, and printability.
- Developed everyday objects such as keychains, wall switches and toys.
- On track to earn a SolidWorks certificate of completion.

SKILLS

Programming

- Python, C++, HTML and CSS

SolidWorks

- Onshape and SolidWorks

Electrical Skills

- PCB designing using EasyEDA
- Soldering and circuit connection through IEEE @ Cerritos College by UCLA

EXPERIENCE

USC INKPEN LAB INTERN

700 Childs Way, Los Angeles, CA 90089-0911

Working on Single Molecular Electronics (SME)

June 8th- July 31st

- Analyzing graphical data using professional software such as IGOR PRO.
- Scanning through documents and making critical notes on conductive behaviour of certain solvents.
- Handling professional laboratory equipment and troubleshooting software issues or hardware issues.

Vex Robotics Lead Programmer

11110 Alondra Blvd, Norwalk, CA, 90650

Competition at multiple universities

November 2025-Present

- Debug and code robots based on final design from the design team.
- Critically evaluate solutions and quick fixes during competition.
- Facilitated design-to-production workflows by coordinating with 15+ members.
- Securing competitive ranking at all competitions.

Design Engineer for NCAS With NASA

13111 Sycamore Dr, Norwalk, CA, 90650

At DoubleTree by Hilton Hotel

January 8-January 12 2026

- Efficiently communicated with a team of 12 people.
- Developed competition ready rovers securing points every round.
- Delivered reliable, tangible, and fast solutions.
- Managed time constraints while handling a set budget.

ASCC Senator

11110 Alondra Blvd, Norwalk, CA, 90650

At Cerritos College

February 2025-April 2025

- Represented first-generation and Cerritos College students and their interests.
- Secured \$5.2k roughly in funding for clubs, including Vex Robotics.
- Drafted bills catered to the interests of students all across the campus.
- Efficiently carried out leadership positions.

Tutor for AP Calculus AB

11111 Artesia Blvd Cerritos, CA, 90703

At Richard Gahr High School

September 2025-December 2025

- Provided constructive feedback and concise answers for each problem.
- Nurtured confidence and good study habits.
